Highlights of the discussion

How to ensure data quality? "Quality Charter"

Governance?

Are EU project results to be included?

Interface/Overlap with other portals like
  EE financing initiative, SETIS, Product Database, Building
  Observatory, Build-Up

Interoperability of Data

Are resources available? For how long?

Highlights of the discussion (cnt'd)

How to motivate contributors?
What to do with conflicting data?

Six major recommendations to E3P

Collect initially all EC funded data and results

Get together the "first adaptors"

Quality assurance, quote sources & methodology
                                   ("trustworthiness indicator")

Take on board other thematic areas asap

Standards for data exchange and interoperability (industry-driven?)

identify data gaps early

Next Steps

Create User Groups on:

1. *Development of E3P*
2. *Quality Assurance*
3. *Data Interoperability and Standards*

Communicate through RFCs

next E3P DAY: 5th April 2017

Thank you for your participation !
